

Pool **POLICY AND PROCEDURES**

We are operating the pool per our local and state restrictions at both limited capacity and hours, with increased cleaning protocols. All these factors included our team is working very hard to ensure we can accommodate everyone for a splash.

THE DETAILS

1. MAX. CAPACITY IS 80 PEOPLE

2. TIME SLOTS (1.5 HOURS)

We will have 5 different 1.5 hour time slots throughout each day. See right for schedule.

3. FIRST COME, FIRST SERVE

To help everyone get their spot in the sun, the first 80 people in line to use the pool will get first entry. Everyone after that will be able to put their name on a wait-list for the following time slot that day only.

4. THANK YOU!

We appreciate you for being kind and patient with our team as we get through these “rough waters”. The Pool Police is never a fun job - but your safety and wellness is our priority!

5. ADDITIONAL QUESTIONS?

If you need more information please call or stop by the Welcome Center and chat with one of the members of our team.
